Free Sports Opportunities for Ukrainian Newcomers

Hello FANS members,
We have exciting news to share!

FANS Foundation supports Ukraine. FANS and our generous partners Stryker Sports are working together to offer free **basketball** and **volleyball** opportunities for Ukrainian newcomers in 2023. We plan to run an entire basketball and volleyball winter program in a central location for any interested Ukrainian youth.

We hope to bring Ukrainians together to break down barriers and build a sense of community and security through sports.

However, our program is only possible if there are enough interested Ukrainian newcomers who sign up for it. Further details will be provided after we gauge interest.

Thus, if you want to help make this opportunity possible, please invite your Ukrainian friends to join FANS Foundation. Or if you are Ukrainian, please email us at friends@fansfoundation.com to express your interest!

All the best,
The FANS team
